

NHTI, Concord's Community College
Associate Degree Nursing (RN) Admission Testing Requirement

Dear Applicant:

Thank you for your interest in the Associate Degree Nursing (RN) program at NHTI, Concord's Community College. One of the admission requirements for this program is that you take the HESI A2 Admissions Assessment RN examination. This exam is a timed, multiple choice exam evaluating your knowledge of the subject areas listed below; it is computer-based exam, and will only be offered at Prometric Testing Centers.

Test sections for the Associate Degree Nursing (RN) exam

*When you take the test, you are required to know which sections you need to take, as the test center personnel will not know; there are nine different sections of the exam but you only need to take the following **four sections** for the Associate Degree Nursing program. You will have four hours to complete the exam.*

- **Math:** 50-item exam; focuses on math needed for calculation of drugs and solutions
- **Reading Comprehension:** 47-item exam; reading scenarios that are health related; reading scenarios pop up on the screen; students can move around the windows to see the entire scenario
- **Vocabulary and General Knowledge:** 50-item exam; contains basic vocabulary that is often used in health care fields
- **Grammar:** 50-item exam; contains basic grammar

A score of 75% or higher on each of the four required sections of the test is required to be considered for the Associate Degree Nursing (RN) program. You will see your scores as you take the test section by section, and will receive a copy of your scores at the end of testing. The results will include your scores on all sections of the exam you complete as well as a break-down of your performance.

Cost and Re-taking the Test

The cost for applicants to take the test is \$85 per test administration. Students are permitted to re-test six (6) weeks after their initial testing date at cost of \$85; beyond that, students may test every six (6) months, at a cost of \$85 per test administration. *When re-taking the test, students must take **all four required sections** of the test again.* See page 2 for information on re-taking the exam.
