

**Frances H. Benton
Women's Engineering Technology Scholarship**

APPLICATION

Established by '85 alumna Frances H. Benton, this fund assists women who are pursuing careers in engineering at NHTI. Preference is given to **first-year students entering the mechanical engineering technology** program but second-year students may also apply. Secondary preference is for women in the electronic engineering technology program. Final preference is for women in the computer engineering technology program. Students who received a Benton scholarship in the past may also re-apply. Up to five scholarships of \$1,500 each are available each year. Please complete this application and submit to the Financial Aid Office by **August 1**.

Please complete this form and return to:

**NHTI, Concord's Community College
Financial Aid Office
31 College Drive
Concord, NH 03301**
