FOR THE DENTAL ASSISTANT

ALERT! Changes to NH Rules!
New Hampshire dentists and dental assistants need to be aware of rule changes enacted by the Board of Dental Examiners (BODE) with regard to Den 302.05 Qualification in Specific Areas, commonly referred to as the "expanded duties." The new rules include:
- Dental assistants are allowed to perform dental radiology, coronal polishing, sealants, temporary crown and bridge fabrication, in-office whitening, orthodontic duties and monitoring nitrous oxide.
- The two courses below meet NH BODE-approved course requirements for certification and license renewal.

FOR THE DENTAL HYGIENIST

The Administration of Nitrous Oxide - Hybrid Format - Hands-On!
This course provides content online, and qualifies dental hygienists to safely administer nitrous oxide according to NH rules. Assignments, quizzes and final exam must be completed online prior to the clinical day when a clinical competency will be given. Prerequisites and required documents: Current RDH license, proof of liability insurance, proof of current CPR, Medical History Form and Informed Consent Form. Textbook required for details. See website for details.

Fall 2017 Program Schedule

Dental Public Health Course Schedule

The Dental Continuing Education Program at NHTI, in collaboration with the NH Division of Public Health Services Oral Health Program offers this continuing education course series for dental hygienists who provide services in public health settings and for dental hygienists desiring to become NH Certified in Dental Hygiene (CPHD). For details visit: https://www.nhti.edu/community-visitors/business-industry-training/dental-continuing-education/dental-public-health-0

Fall 2017 Dental Public Health Course Schedule:
Infection Control in Alternative Dental Settings - Hands-On!
This mixed course structure includes in-person and online instruction through lecture and clinical activities. Dental hygienists learn the latest protocols for proper asepsis in non-traditional settings and are strongly encouraged to bring a portable dental unit. Clinic attire, safety glasses required.

Expanded Function Dental Auxiliaries (EFDA) Program
Recently, NH passed legislation and regulations to establish a new workforce provider. Expanded Function Dental Auxiliaries (EFDA) are persons who, through individual completion of required online courses, are able to perform specific clinical procedures in certain areas of dental hygiene.

NHTI is a NH BODE accredited continuing education provider, and courses meet BODE requirements.

Space is Limited - Register Early
Course descriptions are available online at the NHTI web site at: nhti.edu/business-training/dental-continuing-education

Please Note: You are responsible for downloading and printing the handouts and PowerPoints for the classes.

These courses have an online component involving self-directed learning with instructor support. Participants are required to provide a personal e-mail address, have a computer and internet access and possess basic computer skills.

NHTI is a NH BODE continuing education provider, and courses meet BODE requirements.

FOR THE DENTAL TEAM

Osha Update for the Dental Team
This course reviews the Bloodborne Pathogen standard, provides employee training required annually by OSHA, and staff drills the infection control protocols for patient and employee safety. Changes in the Hazard Communication standard and ways to comply with CDC guidelines are included. Note: This course does NOT meet infection control course requirement for dental assistants who are not graduates of ADA accredited dental programs as specified in Den 302.05 (a).

Price: $99 CEUs: 3.5
Instructor: Lisa Scott, RDH, M.Ed.

NEW! Infection Control for the Dental Office - Online
Provides infection control for the dental office. It includes information on sanitation, sterilization, products, and asepsis protocols. This course fulfills the NH dental infection control requirements for certain dental subsets. Online Dates: Tuesday October 17 to Thursday October 19 Price: $89 CEUs: 2.5
Instructor: Lynette Adams, CDA, RA

Phone: (603) 230-4022 • Fax: (603) 230-9304 • nhtibtc@ccsnh.edu • nhti.edu/business-training/dental-continuing-education

New Hampshire's Community College System
Meet the Dental Continuing Education Coordinators

Dental Continuing Education Coordinator
Lynn Noonan, CDA, RDH, MBA
Lynn graduated from NHTI’s dental hygiene program and earned her B.S. degree from Franklin Pierce University. In addition, Lynn earned her MBA in Leadership at Franklin Pierce University. With 40+ years of experience in the dental field, Lynn earned her Certified Dental Assistant (CDA) credential in 2009. Lynn serves as a clinical instructor in the dental assisting and dental hygiene programs and teaches in the areas of dental materials, dental radiology, and practice management. She also works at nonprofit dental office. For more information about course content, contact lnoonan@ccsnh.edu.

Dental Public Health Continuing Education Coordinator
Elizabeth “BJ” Brown, RDH, CPHDH, MS
BJ is a graduate of Westbrook College with an A.S. degree in Dental Hygiene, and an M.S. in Dental Public Health from Boston University’s Goldman School of Dental Medicine, and is also a Certified Public Health Dental Hygienist. BJ has over 30 years of experience in private practice and in public health, focusing primarily in geriatrics and long term care. Most recently BJ received the Dental Hygienist of the Year Award by the NH Dental Association and was published in the Evidence-Based Dental Practice Annual Report on Dental Hygiene (Elsevier, June 2016). For information about public health course content, contact ejbrown@ccsnh.edu.

Employer Billing Option:
Third party billing is available. Please call for details.

Refund Policy:
In order to receive a full refund, you must contact us a minimum of five business days before the training start date. Refunds can take up to two weeks to process. Cancellations made after this deadline will result in a letter of credit being issued for a Dental Continuing Education course.

Exceptions: Administration of Local Anesthesia, In-Office Whitening, Coronal Polishing, Monitoring Nitrous Oxide, Review of Local Anesthesia, Dental Sealants, Techniques in Dental Radiology, Caries Stabilization - 10 business days before (online, if applicable) course start date. See website for details.

Cancellation Policy:
The Business Training Center reserves the right to cancel or reschedule any workshops due to insufficient enrollment and circumstances beyond our control.

Emergencies/Weather:
In the event of an unanticipated class cancellation due to an emergency, we will contact students by email or Blackboard as appropriate. When NHTI cancels classes due to inclement weather, Dental Continuing Education classes will be cancelled as well. Visit nhti.edu, or check WMUR Channel 9 for details. Every effort will be made to reschedule.

NHTI, Concord’s Community College supports all state and federal laws that promote equal opportunity and prohibit discrimination.
