Program Name *Dental Assisting*

This program is designed to be completed in 1.5 years.

This program will cost $13815 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with $6600.00 of debt. (Under 668.412(g), certain data elements are excluded from the template if those data elements are calculated based on fewer than 10 students. For the 2019 template, median cumulative debt is the only data element that is affected—it does not have to be included in the template if it is based on fewer than 10 students) of debt.

Program does not qualify students to sit for licensure exam in the following States: CDA National

For more information about graduation rates, loan repayment rates, and post-enrollment earnings about this institution and other postsecondary institutions please click here: [https://collegescorecard.ed.gov/](https://collegescorecard.ed.gov/)

All costs described are based on a NH resident student, enrolled full-time and not requiring any college level course preparation before enrolling in program required courses.

Costs include tuition; comprehensive fees; and academic instruction (i.e., lab) fees where appropriate. Some programs require the use of equipment, tools and supplies which must be purchased by the Student.

Effective date July 1, 2019
