YOU BELONG HERE
Choosing a college is a life-changing experience, and it’s not a decision to make without the facts. You’re looking for a college with:

- A degree that means something
- Worry-free life with residence halls
- Stellar on-campus support
- Athletics teams you can cheer on
- Excellent post-grad job prospects
- Optimized tuition costs for less debt

... And what’s a college experience without some fun?
The idea of a traditional college is changing. No longer do you need to be committed to one university – and one expensive tuition – for 4 or more years to receive a fulfilling, prosperous career in today’s job market.

It’s time to breathe fresh life into the college experience, embrace our diversity, and celebrate the varied pathways toward educational and professional success.

At NHTI – Concord’s Community College, we are built on the tenet that you can start your degree here and, from here, go anywhere. Our students thrive on our academic excellence, championship sports teams, and vibrant campus life. We not only embrace our differences and community but embody them on our 240-acre campus.

Choose NHTI. You belong here.

Yesterday to Today and Beyond

NHTI was opened in 1965 as New Hampshire Technical Institute, with 3 engineering technology programs. In 2008, the name changed to honor our past and reflect our growth.

Our campus is situated in south central N.H. in the capital city of Concord on 240 acres of fields and woods with banks on the Merrimack River. It’s an easy drive to the White Mountains, Lakes Region, the Seacoast, and metro Boston.

We’re a member of the Community College System of New Hampshire and, since 1969, have been accredited by the New England Commission of Higher Education, a nongovernmental, nationally recognized accrediting agency.
We’re not your typical community college.

We offer 80+ programs in six focus areas:\n
- Arts, Humanities, Communications, and Design
- Business
- Health Sciences and Services
- Hospitality
- Social, Educational, and Behavioral Sciences
- STEM and Advanced Manufacturing

Your Education on Your Schedule

Our courses are available in daytime, evening, online, hybrid, hiflex, and remote sessions.

Your Future on Your Terms

You have big plans, and we want to get you there faster and with more valuable skills to strengthen your future prospects. Our courses are available in **8-week** and **16-week** lengths, and we offer **fall, spring, summer, and interim sessions**.

¹See glossary for complete list of programs offered.
Hi, High Schoolers!

NHTI offers programs just for you to help you prepare and transition from high school to college:

**NHTI’s Transfer Academy** lays out your pathway from high school to NHTI to UNH. Starting as early as your sophomore and junior years, you can take courses that – once applied to your NHTI education – may also transfer to our bachelor’s degree at UNH. This translates into a savings of almost $16,000!

**Running Start** gives you the opportunity to take challenging college courses while in high school at a reduced tuition rate.

**Cisco Academies Program** provides you with practical networking knowledge and skills in a project-based learning environment.

**NHTI’s Early College** enables you to take college courses on the NHTI campus at discounted tuition.

**eStart** is a dual credit program that gives N.H. high school students the opportunity to take 100% online college courses through CCSNH while earning high school and college credit simultaneously.

---

**Our 4 Top-Enrolled Degree Programs**
1. Liberal Arts
2. Business Administration
3. Criminal Justice
4. Nursing

**Our 4 Top-Enrolled Certificate Programs**
1. Medical Coding
2. Diagnostic Medical Sonography
3. Teacher Education Conversion
4. Early Childhood Education
A huge part of the college experience is being a part of a student community that encourages growth, togetherness, and fun. Join our diverse on-campus residence community and see the advantages.

**Welcome to Our House**

**Experience**
Participate in res hall programming and hall council, develop leadership skills, and showcase your ideas.

**Supportive relationships**
Gain social and academic support with ongoing programming and student connections.

**Amenities**
Use our TV lounges, vending machines, game spaces, laundry facilities, and Xbox rentals.

**Diversity**
Build friendships with peers of varied cultures, ethnic traditions, and gender identities.

**Convenience**
Focus on what’s really important – your future – without the distraction of traffic and parking.

**12-Month Housing**
Live here year-round, including winter break and summer.
Meals and Dining Option

Our programs and services reflect the diversity and spirit of NHTI. We offer:

- Regional-inspired menus that highlight seasonal local produce, authentic ingredients, and conscious preparation
- Allergen-friendly stations if you are vegan, vegetarian, and gluten-free
- Special events to make the dining experience even better

Do you have food insecurity?
The NHTI Lynx Pantry provides perishable, non-perishable, and shelf-stable food and personal care items to our campus community at no cost.

Getting Involved

Student organizations are a great way to make connections and build friendships. Our 30+ organizations are student-run, so you can drive the focus of a group that’s meaningful to you! We also offer community service, student leadership, and student organization opportunities for you to build connections and develop life-long skills.
Having a great time is one thing, but what happens when you need support? We offer a robust suite of services and on-campus resources to help you make the most of your time at NHTI with the most favorable results.

Free Academic Tutoring and Advising
Discover what you want to accomplish at NHTI and gain the skills and resources you need to make that dream a reality.

Physical and Mental Wellbeing
Our Health and Counseling Center is available to help you stay healthy and make good choices – and find support through challenging situations. We also have an on-site dental clinic to keep your smile healthy while giving our Dental Hygiene students valuable experience.

Stay Fit, Stay Focused
Take advantage of our wellness activities, events, classes, and on-campus fitness facilities to get and stay healthy and happy in a friendly, comfortable environment.

Full Research Library
We offer a multitude of databases, online periodicals, and archives to aid your studies, plus an interlibrary loan system so you have access to all CCSNH library resources.
At NHTI, we’re very proud of our intercollegiate athletic program: Our teams compete for New England and national championships in eight sports as members of the Yankee Small College Conference and the U.S. College Athletic Association.

Our student athletes are consistently named All-Americans, Academic All-Americans, and YSCC League All-Stars for their outstanding athletic and academic accomplishments.
Admissions and Tuition

NHTI is a rolling-admission college with an easy enrollment process. We offer multiple pathways for everyone from high school and home-schooled students to international students and working professionals. Enroll in fall, spring, summer, and inter-session courses to get the best education possible on your terms, not ours.

Great Tuition Value

Don’t end up drowning in student debt. At a per-credit cost of $215, you know you are getting the best value for your tuition dollar. Our housing options are also the lowest in the state.

Start Your Education with NHTI

Attending college at NHTI can be more than just a way to earn your associate degree – it could be your first step toward your bachelor’s degree! Our N.H. Dual Admissions Program provides a seamless academic path from NHTI to one of the USNH institutions – UNH, Keene State, Plymouth State, and Granite State – in a broad range of programs. And our dual admission to UNH-Manchester means you apply to NHTI and get accepted to a 4-year college at the same time.

Want to Save $61K?

Start with NHTI.

By earning your NHTI associate degree and then transferring to a N.H. 4-year program for your bachelor’s degree, you can save up to $61,600! That’s a lot of student debt avoided.
New-Traditional Students

You don’t have to be a teenager to attend NHTI.

We invite all students – yes, you too – to join our academic ranks with superior courses and opportunities to advance your professional career and personal development.

Credited Microcredentials

Learn new skills and boost your existing ones with our online microcredential programs. These hyper-targeted courses can fast-track your career advancement in a little as 8 weeks. Available courses include:

- Early Childhood Education
- Education
- Math for Engineers
- Math for Business
- Business
- Information Technology
- Social, Educational, and Behavioral Sciences
- Certified Recovery Support Services

Non-Credited Microcredentials

Better than a 1-day bootcamp, our non-credit microcredential programs offer you focused training with full discussions and explorations to heighten your knowledge and expertise. Available courses include:

- Simple Marketing Concepts
- Lean Business Practices
- CNC Machining
- Data Analytics for Business and HR
- 7 Habits of Highly Effective People
- Excel 101 and 102
- Mindful Communication in Professional Settings
- Frontline Management

... Plus NHTI’s Business Training Center offers opportunities in Dental Continuing Education, Google Educator Bootcamps, customized training, workshops, and personal development.
Finding Your Future

What would it be like to have an employer begging you to join their team? NHTI graduates know that feeling well. Many of our instructors have direct interactions and relationships with area employers looking for the brightest minds to come out of our programs. Here are a few success stories:

NHTI was the perfect solution to my problem: I knew what field I was interested in, but was not at the point in my life where I could travel far for school. As far as I knew, NHTI was the only school in N.H. that offered an Architectural Engineering program.

My last-minute decision to enroll at NHTI was the best I ever made. Fluctuating from night to day classes to fit my work schedule, and I enjoyed every late-night hour in the lab with new pals and mornings spent surveying the campus in the dew. I was able to receive a top-notch education, and now I am proud to be able to add “Associate Degree” to my resume and indicate where it has been earned.

Caroline Corriveau
Class of 2009

There was really no doubt in my mind that I would go to NHTI: My older brother had a fantastic experience with both academics and athletics there, it was close to home, and the price was right!

I had the great privilege of being a peer tutor, assisting other students in various math and science subjects. I cannot overstate the impact that role had on my own learning and growth. Many days you could find me and my friends hunkered down in a study room discussing physics or scribbling differential equations on the white board.

I am thankful that I chose NHTI! Ask big questions, do the work, meet new friends, get outside of your comfort zone. You will leave feeling confident and ready for what comes next, just like I did.

Rebekah Lamarre
Class of 2018
I started at NHTI when I was 15. I was homeschooled and came to NHTI to explore electrical engineering. I chose NHTI because it was close to home, was much less expensive than any other school, and I could work on EET courses while finishing my homeschooling. What really made NHTI a great fit for me was that I could pursue my degree and work in my field. I spent the last year of my time at NHTI taking classes and working as an engineering technician in Manchester. When I graduated NHTI, I was 19 with a full-time job waiting for me and $0 college debt. Now, I’m pursuing my BS+MSEE at RIT in Rochester, N.Y.

**Andrew Allard**  
Class of 2017

I only intended to take one class at NHTI but quickly learned that it offered much more than just affordable credits. What kept me at NHTI were the quality of instruction, the relationships I built, the extracurricular opportunities, and those fun block couches in the library!

**Ryleigh Lormier**  
Class of 2019

NHTI has made it accessible for me to receive an education while being a full-time mom of two children. My professors are supportive, accommodating and consistent with providing me with a great education.

**Fanny Stacey**  
Class of 2022

---

After years in customer service, I wasn’t feeling challenged or fulfilled. I researched several schools in my area but felt like they were more interested in money than in getting to know me and helping me understand what I could get out of my education.

Then I found NHTI!

The admissions team asked questions about who I was and what I wanted for my future. They saw that my work experience was an advantage and not time wasted like I’d believed for so many years. NHTI showed me college is for everyone, and there is a path for anyone interested in pursuing an education.

**Julia Depuy**  
Class of 2021
## Glossary of Academic Programs

### Arts, Humanities, Communications, and Design

- **Associate in Arts**
  - Communications
  - English
