

# COLLEGE MAJORS BY HOLLAND CODE

NHTI certificate and degree programs are highlighted and hyperlinked below.

This handout helps you explore college majors (certificates plus 2 & 4 year degrees) in line with your Holland career assessment results ([watch this video if you don't know your Holland code](#)).

Majors are too complex to be described by a single Holland category; the lists below has additional code letters to more accurately describe majors using a combination of Holland categories in order of importance to that work role. For example, if your top two Holland code letters are S and I (Social and Investigative), explore the majors under the Social and Investigative headings but also search all majors that have the S or the I after them in ( ).

Do you like a major that's not in line with your Holland code? That's ok! You can speak with your academic advisor about any major of interest to you.

Want a more complete list of college majors? Check out the [College Board's list of majors](#) and note your favorites.
