You can begin and finish your degree when it's most accessible for you, and we are here to help you at every step along the way.

Our graduates uphold and improve systems that keep our communities safe and secure. Other jobs in the field of criminal justice include correctional officers, legal aids and paralegals, parole officers, security officers, victim advocates, and youth counselors.

Further your education.

While there are many paths to take with your associate degree in Criminal Justice, you can further your education by pursuing a bachelor's degree.
