

LIBERAL ARTS

Welcome to the accelerated program for your associate degree in Liberal Arts from NHTI. Whether your plans for your associate degree in Liberal Arts is going to be your launch into a new career, you're trying to figure out what you'd like to study, or want to save money on general education requirements of a future bachelor's degree, our Liberal Arts Associate in Arts degree program offers lots of opportunities to explore different areas of interest.

Full-Time and Part-Time Plans

Accelerated programs offer the flexibility and adaptability to be a full-time or part-time student and to start during any given NHTI semester of courses (see program plans, back). You can begin and finish your degree when it's most accessible for you, and we are here to help you at every step along the way.

Further Your Education

While there are many paths to take with your associate degree in Liberal Arts, you can further your education by pursuing a bachelor's degree. NHTI has partnered with many 4-year colleges and universities to ensure that all the credits you earn in your NHTI Liberal Arts degree will transfer into your future bachelor's degree.

Career Opportunities

While the list of potential career options you can pursue with a liberal arts degree is truly endless, here are some options to consider: editor, human resource specialist, advertising, sales, training and development, journalist, and public relations, lobbyist. We could go on, but then this little paragraph would turn into a book (Writing a book is another thing you could do with your degree in Liberal Arts).
