NHTI's Certificate in Management is a great place to begin. Newly appointment and future managers in marketing, sales and purchasing, finance, and human resources in private and public industries will benefit from this certificate program. You'll develop foundational skills for success in management, business law, marketing, communications, accounting, and strategy. You'll sharpen skills in planning, decision-making, and implementation through case studies and hands-on exercises. You'll also gain perspectives on contemporary management theory and practice from faculty experts who have been practicing in the field for decades.

Start in Fall, Spring, or Summer Semester

Accelerated programs offer the flexibility and adaptability to start during any given NHTI semester of courses (see program paths, right). You can begin and finish your certificate when it's most accessible for you, and we are

here to help you every step of the way.

Job Opportunities

This program is a great step into business management and administration. Depending on your work experience and skills, there are many different jobs that would benefit from our accredited Management Certificate, including administrative assistant, business development associate, entrepreneur, business analyst, and sales representative.

Continue Your Professional Growth

The credits you'll earn in this certificate directly contribute to your associate degree in Business Administration. NHTI also has partnered with many 4-year colleges and universities to ensure that all the credits you earn in your NHTI Business Administration degree will transfer into your future bachelor's degree.
