

SOFTWARE DEVELOPMENT

Welcome to the accelerated program for your certificate in Software Development from NHTI. You're on the path to getting your certification faster and joining the workforce with the education you need to further your career.

Start in Fall, Spring, or Summer Semester

Accelerated programs offer the flexibility and adaptability to start during any given NHTI semester of courses (see program paths, back). You can begin and finish your certificate when it's most accessible for you, and we are here to help you every step of the way.

Hands-On Learning

In this program, you will learn debugging, error-handling, troubleshooting, how to program for decision-making, how to design and create relational databases using SQL,

how to design and create mobile applications, how to develop secure websites, and more.

Program Applications

Students are introduced to C#, Python, SQL, Java, HTML, CSS, JavaScript, .NET Framework, and more.

Career Opportunities

Graduates of this program are prepared for entry-level web development and software development jobs. According to Glass Door, entry-level software developer jobs in the U.S. have an average annual base pay of \$62K.

Continue Your Professional Growth

All of the credits you earn in this program fit into NHTI's Associate Degree in IT-Software Development.
