NHTI Campus Safety Operational Modes

General Conditions

Normal Operations	Hybrid Operations	Remote Operations
• COVID-19 vaccine available • Testing only if new infections are found • No restrictions on public gatherings and events	• COVID-19 cases low both on and off campus • Limited state restrictions, and gatherings allowed • Medical resources available	• COVID-19 cases increasing on and off campus, with positivity rate of at least 10% • State stay-at-home or equivalent order in place • College resource capacity overwhelmed or at risk of being overwhelmed • Key departments impacted, resulting in degraded business operations

Campus Status

Normal Operations	Hybrid Operations	Remote Operations
• 100% in-person operations	• Limited campus operations • Masks, social distancing required • Most external events prohibited	• Minimal college operations • Essential staff only on campus • No external events

Student Status

Normal Operations	Hybrid Operations	Remote Operations
• Student housing and dining at 100% density and operations • Classrooms and learning at 100% density on campus	• Campus housing open with 50% density, dining restricted to take-out • Isolation and quarantine areas identified • Athletics, Fitness Center, and Library open under specific state guidelines • Student activities that meet safety guidelines with maximum of 25 people allowed • Instruction restricted to labs for STEM- and Allied Health-based courses where class cannot be taught remotely; others determined on course-by-course basis • Instruction in person with reduced room occupancy • Teaching labs/art studios operate with progressive levels of PPE use	• No on campus housing/dining other than housing insecure • No student events • Instruction 100% remote

Faculty/Staff Status

Normal Operations	Hybrid Operations	Remote Operations
• Normal, unrestricted on-campus work for all faculty and staff	• Low faculty density (20-25%) on campus in support of student operations only • Moderate staff density (40-50%) on campus in support of student operations only • Focus on student operations and instruction	• Faculty and staff work 100% remote (except essential personnel) • Limited use of classroom or office space for remote instruction • Essential staff on campus only to maintain safety, residential student, maintenance, and IT resources
