

## 3 SIMPLE STEPS

We get it: The Admissions process can be confusing and complicated. Follow these steps to make it as simple as possible, and you'll be enrolled in no time!

1

### Apply for Admission

Great news: There is no application fee! If you fill out the [online application](#), click "First time user account creation" and follow the instructions. Otherwise, you can [download our application](#), fill it out, and return it to [NHTIadmissions@ccsnh.edu](mailto:NHTIadmissions@ccsnh.edu).

2

### Apply for Financial Aid

Don't be intimidated! You got this! Go to [NHTI.edu/tuition/financial-aid](https://www.nhti.edu/tuition/financial-aid) to fill out your FAFSA and learn about scholarships

3

### Register for Courses

No one expects you to do this by yourself! Get in touch with your academic advisor, and they'll help you register for the courses you want and show you around the Student Information System online, which has info like test dates and grades.

### Did You KNOW?

Thousands of dollars in scholarships goes unrewarded each year at NHTI because no one applies for them. We make it easy: Apply for them all with [just one application!](#) Get on that!

### WHAT'S NEXT?

#### Apply for Housing

Looking for the full college experience? Live on campus in one of our 3 residence halls! There are a lot of options, like mixed-gender and CHILL communities. Check out <https://www.nhti.edu/campus-life/residential-life/> to learn more and apply for your spot!

#### Plan Your Payment

Tuition is due 2 weeks before you start classes – the [Bursar's office](#) can help you sort through all the options, including payment plans and how financial aid impacts your bill. (Our bursar is very nice.)

#### Visit Campus

This is the fun part. Bring a friend or your parents; we'll show you around and answer all your questions. When you're ready, [sign up!](#)

#### File Health Docs

If you're a student athlete, an Allied Health student, or planning to live on campus, Health Services needs a record of your health history. Download the form and instructions on the [Health Services page](#).

Of course, there are many paths you can take to get registered at NHTI, and we have help available for every journey to admission and enrollment! Click on any of the links below for more information.
