

# Nursing Associate Degree Admission Testing Requirement

Thank you for your interest in the Associate Degree Nursing program at NHTI! One of the admission requirements for this program is that you take the Assessment Technologies Institute's Test of Essential Academic Skills (ATI TEAS Exam).

In addition to the TEAS results, all requirements for admission must be completed and on file before we can act on your application. Please check the Associate Degree Nursing program page on our website ([www.NHTI.edu](http://www.NHTI.edu)) or contact the Admissions Office at 603 230-4011 or <mailto:NHTIadmissions@ccsnh.edu> for specific admission requirements and deadlines.

## Test Score Requirements for the Associate Degree Nursing Exam

The TEAS measures basic essential skills in the academic content areas of reading, mathematics, science, and English and language usage. The objectives assessed on the TEAS are those which nurse educators deemed most appropriate and relevant to measure entry-level academic readiness of nursing program applicants. ATI began administering the ATI TEAS exam Version 7 on June 3, 2022; NHTI accepts valid ATI TEAS Version 6 exam results.

You must obtain a minimum total score of 66% or higher to satisfy NHTI's Nursing admission requirements. Scores may not be combined or averaged from multiple attempts. Scores are valid for 2 years only. You may take the exam up to 3 times per year but must wait a minimum of 4 weeks between exam sessions.

You will have a total of 209 minutes to complete 170 multiple-choice questions in the 4 content areas. Each section is individually timed. Calculators are allowed; a four-function calculator will be embedded in the online version of the exam, while testing centers that administer a paper/pencil version will provide the calculator. Exam scores are immediately available upon completion of the computer-based version of the exam and viewable on your ATI student account.
