

Dream Team

Who is on your Dream Team?

The Olympics will be wrapping up shortly, but 29 years ago, the U S Men's Olympic Basketball Team was known as "The Dream Team." I often show my students the top 10 basketball plays from that Olympics and we notice that no one completes any of the plays alone. It's a team effort. Who is on your team? Who is cheering you on, helping you out, coming alongside to help you achieve your goals?

Everyone needs someone on their side. It's worth considering who is on your side. Let me offer this. We are on your side! We have advising available to you, there is the ACE or Academic Center for Excellence, the library, your instructors. There are so many people at NHTI that are rooting for you and willing to help you. I'm certain you are there for each other too. I've seen it in the discussions.

I am constantly updating this Canvas site, so click on the Modules link from time to time and see if there is anything there that is useful, encourages you, or answers your questions. If you would like to see something that isn't included, please let me know at SDiener@ccsnh.edu.
